CLOSE CALL.

Morse Dry Goods Store the Scene of Early Morning Blaze. What might have been a disastrous fire in the Morse Dry Goods company's store, Six-

teenth and Farnam streets yesterday morning, was prevented by the hard work of some of the employes.

At about 7 o'clock one of the janitors was going through the upner part of the building and smelled smoke at the fourth floor. He called for help and hastened to the spot. The fire was among the lace curtains and

draperies hanging on the west wall of the drapery department. The buckets filled with water which are kept in every floor were hurriedly gathered together and the contents thrown onto the burning laces. The building was not damaged, but the fire was not extinguished before \$10,000 worth of valuable imported laces and draperies were either totally destroyed or ruined. No fire alarm was sent in. The fire is supposed to have caught from a defective flue from the office of the Swedish paper in the Young Men's Christian Asso-ciation building.

To Property Owners in South Omaha. Property owners of South Omaha who have not paid their school tax at the county treasurer's office, are hereby notified that the same should be paid before the 6th day of November, 1893. For the benefit of said property owners the following explanation is given: The school tax for 1892 was levied by the Board of County Commissioners, according to the decision of the supreme

court, and the tax list made up and placed in my office for collection, after the regular state and county tax had become delinquent last May, and the daily rapers called the attention of the public to the court's decision. Furthermore, I wish to state, that I have sent a communication to the county commissioners, to allow me to collect this tax without interest or advertising, from those who had paid their regular state and county tax, prior to the date when the school tax was placed in my hands for collection. WOMAN'S CLUB. Membership in This Popular Organization is on the Increase.

Falconer's.

The Woman's club met yesterday afternoon at 3 o'clock with a larger attendance than ever. Thirty-five new names were added to the membership rolls.

The minutes of the previous meeting were read and approved, after which followed the program, under the leadership of the department of art. The first to appear was Miss Evens, who read a paper entitled "Ancient Grecian Art" in a proficient manner. She was followed by Mrs. Catlin, who gave her "Impressions of Paintings Seen at the World's Fair," in such a vivid, impressive way as to almost transport, her listeners to way as to almost transport her listeners to the Columbian exhibit.

Mesdames Whitmore and Buchanan then

favored the club with a piano duet, "Hunwhich was warmly applauded. Last, but not least, on the program, Mts.
Nicholas read a ten-minute paper on "Greek Art," which she prefaced by some witty remarks in which she said that she knew how Robinson Crusoe felt when he was wrecked on his island, as her mind was a complete blank on the subject of "Greek Art," but she would do the best she could.

The paper was received with hearty approval. The business of the day was then transacted. Several important amendments to the constitution were offered by Rev. Mrs. Andrews and others to be voted on in one month. A committee on parliamentary rules was appointed. Mrs. Henderson is chair-

man.
The department of philanthropy and reform made a report, showing that much work of a practical nature is being accom-plianed. The club then adjourned to meet

NEW FURNITURE FACTORY.

Omaha Upholstery Company Branches Out in a Larger Line. The Omaha Upholstering company has leased the brick buildings at Twenty-eighth street and the Belt line, formerly occupied by the Omaha Coffin factory, and will convert the same into a furniture factory. They will continue the uphoistering branch of their business in their present factory, at the foot of Nicholas street, where they employ thirty men. The new factory will be used for the manufacture of furniture frames, sideboards and extension parlor tables. Some other lines may be added later. The machinery for the new plant is on the way here and the necessary altera-tions in the building are being made. They expect to be running in two or three weeks. Provision has been made for about twenty hands to start with. In the past the uphol stering company has been compelled to purchase their frames in the east or north and ship them here to be upholstered.

Omaha is coming to be quite an important point for the manufacture of furniture, and it will soon be possible for the local retail houses to obtain nearly all their supplies from local manufacturers. Nervous headaches promptly cured by Bromo-Seltzer—trial bottle 10 cts.

Did Not Endorse Any One. The report that the Central Labor union

had endorsed the candidacy of Peter Els. sser for register of deeds has been denounced as untrue by the officers of the union. The Central Labor union has no part in politics and has refused to endorse any candidates for any position. The Barber's union sought to secure the endorsement of Mr. Elsasser. but the resolution to that effect was promptly tabled.

The report that the union had also denounced Robert Holmes as unfriendly to or-ganized labor is also denied. Mr. Holmes is the president of the bricklayers' union and a strong friend of organized labor.

Federal Government Getting After Union

WHAT THE ATTORNEY GENERAL HAS IN VIEW

Debt Will Be Callected Even If Bond holders Have to Pay-Steps to Set Aside Receivers Will Be Taken

WASHINGTON, Oct. 30 .- Senator Brice had three hours conference with the attorney general today, discussing the affairs of the Union Pacific Railroad company and trying to devise means of protecting the interests of the government in that road.

Mr. Brice said after the conclusion of the conference that the government's debt against the Union Pacific would be collected if the stockholders and their estates should have to pay it.

It is understood that the attorney general is taking steps to have the receivers recently appointed by the United States court at Omaha removed, and that proceedings to to this end will probably be instituted within week. The resolution of Senator Manderson, amended at the instance of Senator Brice, which the senate adopted a few days since, seemed to assume that the court had no right to appoint receivers, and it is probable that the attorney general will take this position.

Senator Brice says he is engaged in for-

mulating a measure in accordance with the bills and resolution referred to his commit-tee for the protection of the government in-

IMMIGRANT BUSINESS. Mr. Lomix Holding the Kay to the Situation-Railroad Notes.

General Passenger Agent Lomax of the Union Pacific seems to have tied up the immigrant situation indefinitely, although the subject is liable to be revived any day by a visit of the committee of the Western Passenger association to Omaha in the in-

terest of having united action taken to remedy the abuses. "Mr. Lomax's position is perfectly con-sistent regarding the immigrant business," said Mr. Phillippi of the Missouri Pacific yesterday morning, and he is in shape to prolong the discussion indefinitely. While there are undoubtedly abuses in securing this class of business it will go on until the world is con-

siderably better than it now is." Mr. Buchanan of the Elkhort, was inclined to be a little skeptical regarding Mr. Lo-max's stand, although he admitted that he could not see what else the general passen-ger agent of the Union Pacific could do in the premises. "My understanding of the situation is that the Great Northern and Northern Pacific could be situation." Northern Pacific were in favor of some action looking toward a betterment of the service. But Mr. Lomax, I see, wants all transcontinental lines in line and will remain out until they agree upon some united action. Of course I have sometimes thought that Mr. Lomax could afford to be a little more conservative than he is in this discus-sion, believing that he would make as much if not more money than under the present arrangement. The immigrant business for arrangement. The immigrant business for the past two years has been very bad, and the road not exerting itself to get this class of business is about as well off as the system making efforts to secure it."

"All this talk about Mr. Lomax getting the worst of the position he takes is twaddle," said a railroad man, "because Lomax is in a position to stand a good hard fight now, having only operating expenses and

now, having only operating expenses and saiaries to think of under the receivers. He can pretty nearly dictate terms and will be supported by Mr. Dickinson in all he does. That much I know for a certainty. Of course the talk about retaliation is 'rot,' and the Western Passenger association might as well make up its mind to the fact that the Union Pacific out of the association may do that body a great deal more harm than

NOTES OF WESTERN ROADS.

Milwaukee Restores Salaries-Western Im migration-Burlington Resources.

CHICAGO, Oct. 30 .- President Miller of the Chicago, Milwaukee & St. Paul railroad has issued an order restoring all salaries which were affected by the 10 per cent reduction about three months ago. Passenger Traffic Manager White, chairman of the Western Passenger association

committee appointed to confer with the Union Pacific on the subject of immigrant business, received a message today from Passenger Agent Lomax saying he was will-ing to meet the committee any time it might set, but the receivers of the road are now in Omaha, and it is not definitely known when they will be present. The committee was appointed to meet Mr. Lomax and the re-ceivers jointly, and it will not journey to Omaha without some prospect of meeting

the commissioners.

Net earnings for the Burlington for September were \$743.649, against \$907.091 for the same period last year. The total net earnings of the road from January 1 to September 30 this year were \$1,972.214, against \$2,518,549 for the corresponding period for 1802. The gross passenger earnings for September were \$1,150,645, an increase of \$122,-542 over last year. Gross freight earnings were \$2,060,301, a decrease of \$727,367 from
